

Virginia Department of Environmental Quality

Dear Colleague:

The Department of Environmental Quality is happy to mail notices of proposed air regulations and related hearings to anyone who would like to receive such information. If you would like us to add your name to our mailing list, please assist us by completing the information below. Then fold the form so that our address is on the outside, staple or tape the form closed, add postage, and mail. We appreciate your interest in Virginia's air quality.

Because the Commonwealth of Virginia recently authorized the publication of an administrative code book which contains all state regulations, the Department of Environmental Quality no longer regularly publishes or distributes the final regulations adopted by the State Air Pollution Control Board. The department will, however, continue to send notices of public comment periods and public hearings for proposed air regulations to those who choose to keep their names on this mailing list.

If you wish to stay abreast of all regulatory development actions, we suggest that you subscribe to *The Virginia Register*, which publishes the text of proposed, adopted, and emergency regulations as well as notices of public hearings and meetings. An annual subscription to this biweekly publication costs \$100. To subscribe, contact the Registrar of Regulations, General Assembly Building, 910 Capitol Street, Richmond, VA 23219, phone 804-786-3591. If you do not wish to subscribe, consult your local librarian: most libraries maintain a subscription to *The Virginia Register*.

If you wish to have a complete set of final regulations, we suggest that you purchase the new Virginia Administrative Code. The air regulations are in Volume 6, which may be purchased individually. A CD-ROM version of the entire code is also available as a set; with quarterly and semiannual updates. To purchase all or part of this code book, contact West Group, P.O. Box 64833, St. Paul, Minnesota 55164, phone 1-800-328-9352. Again, most libraries maintain a complete set of this publication. You may also access the air regulations electronically through the agency's web site (<http://www.deq.state.va.us/regulations/airregs.html>).
